Network connections

Dr. Despommier

professor of Public Health and Microbiology at Columbia University

John Burkhardt

Senior Vice President - Global Head, Drug Safety R&D | Site Director, Connecticut Laboratories

Arlene L. Weiss M.S., D.A.B.T., E.R.T.

President and Principal Scientist at Pharmtox Inc.

Vinayak Dendukuri

Chief Executive Officer at Novick Biosciences, Chemistry and Formulations;

Trevor Trust

Retired at PREVENT (Pan-Provincial Vaccine Enterprise Inc.)

•

Elena Loukinova

Principal Investigator at Southern Research

Daniel Kassel

Entrepreneur, Founder, SciAnalytical Strategies, Inc.

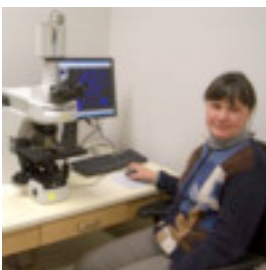

•

Dmitri Davydov

Biochemist, biophysicist and molecular pharmacologist. Expert in drug metabolism and enzymology of cytochromes P450.

•

Tamara Lushnikova

Genomic instability in cancer and evolution, FISH-SKY-CGH, recombinant peptides, antimicrobial and anticancer peptides.

Sergei Kazakov

Vice President for Discovery Research at Somagenics, Inc.

Svetlana Pack

Deputy Head, Experimental Pathology Laboratory, National Cancer Institute (NCI)

Elena Korobetskaya

Senior Director, Analytical Development, Pacira

David Wallace

President and Founder at Wallace Scientific Consulting

Jan Drobeniuc

Hepatitis Reference Laboratory Lead at Centers for Disease Control and Prevention

Ilya Okun

Experienced Executive in Small Molecule Drug Discovery

Svetlana Scherbik

Biologist at Centers for Disease Control and Prevention

Bruce Migdalof

President at HighTower Consulting

Yann Tessier

Experienced toxicologist

Kirsti Gjellan

Board Director, Life Science Leader, Mentor

Igor Shats

Staff Scientist at National Institute of Environmental Health Sciences

Михаил Гилинский

Institute of Physiology, RAS

Irina Koroleva

VP Translational Medicine at Finch Therapeutics Group

Fred Guengerich

Professor at Vanderbilt University

Sudha Rani

Conference Manager at Scientific Future Group

Dr. Gennady Nisnevich

Research Chemist at Technion - Israel Institute of Technology

Damjana Rozman

Professor of Biochemistry and Molecular Biology at Univerza v Ljubljani, Faculty of Medicine

Peggy Guzzie-Peck

Ph.D. at University of Pittsburgh; Diplomate, American Board of Toxicology

Wolfgang Preiser

Head, Division of Medical Virology, University of Stellenbosch / NHLS

Jim Sullivan

CEO, JCSI: Finding Better Candidates Faster at Lower Cost, Passive Candidate Research and Engagement

Timothy Fouts

Vice President, Innovation & Translation, ABL, inc.

Dr. Jerome Lasker

President at CYP450-GP

Max Rempel

Raising capital for a groundbreaking genome data mining technology.
max@solanagenomics.com

Magnus Ingelman-Sundberg

Professor på Karolinska institutet

Michael Sundstrom

Scientific Director of European Initiatives, SGC - Karolinska University Hospital and Karolinska Institutet

-

Jacob G. Appelbaum, Ph.D.

CEO at ATD

Alexander Beylin, PhD, RAC (US, Global)

Senior Lead Reviewer at FDA

Alexander Bolshoy

Professor at Palacký University Olomouc

-

-

Maria Severina

Anthony Maciorowski

Deputy Director, Science Advisory Board at US EPA (retired)

Anna Sandholm

Director Drug Development at Scandinavian Development Services

Alexander Michkov

Molecular Biology/Genetics, Genomics, and Bioinformatics

Matthias Herforth

Managing Director bei PGXperts GmbH

•

Dmitriy Mitrofanov

Research Scientist (IMMBB RAMS, Novosibirsk)

Peter Moldeus

Professor at Karolinska Institute

Vladimir Muronets

Professor at Belozersky Institute of Physico-Chemical Biology (MSU)

Andrey Rzhetsky

Edna K. Papazian Professor at University of Chicago

Vladimir Chulanov

MD, PhD at Reference Center for Viral Hepatitis

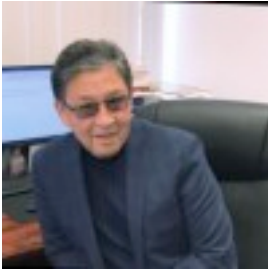

•

Yuri Kotelevtsev

Associate Director, RNAi and Integrative Physiology CREI, Skoltech

•

Kenneth Alibek

Senior Vice President

Alicia Henn

Chief Scientific Officer at BioSpherix

Vince Groppi

Chief Executive Officer at Oricula Therapeutics LLC

Kirill Kaem

Senior Vice President for Innovations - Skolkovo Foundation

Stephen Mason

Associate Research Fellow at Pfizer

George Claxton

Independent Chemicals Professional

Franz Oesch

Director, Inst of Toxicology, Mainz--

Susan M. Booker

News Editor, Environmental Health Perspectives

Novikov Kirill

Prof. physics. Moscow University Fessor of Биофизика

Andrew Parkinson

Chief Executive Officer at XPD CONSULTING, LLC

Moorthy Palanki

Program Director / Professor, Biotechnology, College of Science and Math, California State University

Alexander Rumyantsev

Director at Sanofi Pasteur

Sergei Agoulnik

Director at Novartis Precision Medicine

Laszlo Urban

executive director at Novartis

Vladimir Shubin

СНС (Институт биохимии им АН Баха РАН)

Varun Ahuja, PhD, DABT, ERT

Senior Scientist, Drug Safety Assessment at LUPIN

Christopher H. Logue

Professor of Virology

Yulia Demchenko

Scientist at Neuraly Inc.

Maria (Masha) Sergeeva

DMPK and Bioanalytical Consultant

Yuory Karetnyi

Program Director, Virology at Eurofins Medinet

Ernst Verschoor

Head Molecular Virology Unit and Primate Viral Diagnostics section at BPRC

Märit Johansson

CEO at MÄJO Consulting A

Dr Peter A. Behnisch

Bioassays for a safer & better WORLD

•

Tajib A. Mirzabekov

President & CEO at Biomirex, Inc.

Ellen Silbergeld

Professor at Johns Hopkins Bloomberg School of Public Health

•

Nina Lukinova

Program Director, NCI

Geoff Tucker

Emeritus Professor, Clinical Pharmacology, University of Sheffield UK

Alexander Faibushevich

Contract CRA at IQVIA

Dmitry Moshkoff

Chief Scientific Officer

Boris Umylny

Sr. Director, Bioinformatics at Discovery Life Sciences

Elena Naumova

Academic Dean for Faculty at Friedman School of Nutrition Science and Policy, Tufts University

Jim Halpert

Uppsala University

John Stegeman

Sr. Scientist at Woods Hole Oceanographic Institution

Hugh Salter

Chief Scientific Officer at Anocca AB

-

Takeshi Nakano

Research professor at Osaka University

Andrea Brüggemann

CSO at Nanion

-

Russ Prough

Professor Emeritus/Professor Part Time

Tom Barnwell

Barnwell Environmental Consultants

John Wisler

Vice President Toxicology and Pharmacology at AnaptysBio

Michael Zientek

Director Drug Metabolism and Pharmacokinetics Takeda Pharmaceuticals, San Diego CA

-

Grigory Baram

Руководитель, Научно-образовательный центр "Хроматография" при НГУ

•

John Miners

Matthew Flinders Distinguished Proessor at Flinders University

Professor Bertil E. Lindmark MD, PhD

Chief Medical Officer at Galecto, Inc.

Victor Sharov

Senior Research Scientist at BioPharmaSpec

Dr Neil Bodie

CEO at Paradigm Immunotherapeutics Inc.

Vladimir Gorn

Principal Scientist at Cepheid

Marcel A. Müller

Virologist/ Group leader at Charité-Institute of Virology

•

Andrei Zhukov

Principal Scientist at SoseiHeptares

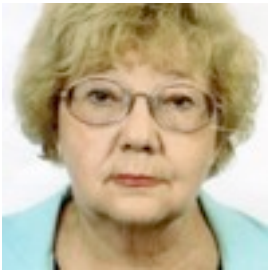

-

Valery Loktev

Head of Department (SRC VB Vector)

-

Tatyana Leshina

research director - Institute Chemical Kinetics and Combustion

Don H. Rubin, MD

Professor Medicine, Pathology, Microbiology & Immunology at Vanderbilt University Medical Center

-

ISSX Headquarters

The International Society for the Study of Xenobiotics at ISSX

-

Kris Grzegorzewski

VP, Clinical Development at Celularity, Inc.

Torbjorn Bjerke MD

Founder & Portfolio manager Arctic Aurora LifeScience

-

Rosa Viner

Program Manager at Thermo Fisher Scientific

Johannes Krupp

Vice President - Head of Neuroscience Drug Discovery at Ipsen

Igor Rogozin

Staff Scientist at National Center for Biotechnology Information (NCBI)

Monique Perdok, Ph.D., J.D.

Patent Attorney and Principal at Schwegman Lundberg & Woessner, P.A.

-

Timur Gaynutdinov

Principal Scientist at REGENXBIO Inc.

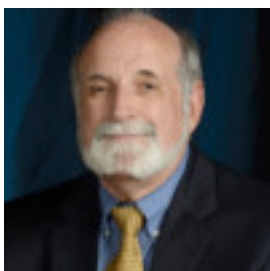

-

David R Bell

Toxicologist at European Chemicals Agency

-

Scott Thurmond

Regulatory Toxicologist at FDA

Daniel Jernigan, MD MPH

Director, Influenza Division at Centers for Disease Control and Prevention

-

Margaret James

Professor at University of Florida

•

Marian Pavuk, MD PHD FACE

Senior Epidemiologist, Center for Disease Control and Prevention

Elia Brodsky

Biomedical Data Discovery and Education

•

Richard Lathe

Honorary Fellow and Professor chez University of Edinburgh

Alexander Lifke

Labhead at Roche Diagnostics GmbH

Stan Weiss

Professor at Rutgers (UMDNJ merged with it)

Gennady Gololobov

Senior Director at WuXi Biologics

Stephanos Ioannidis

Vice President, Head of Chemistry H3 Biomedicine

Mike Waterman

Emeritus Professor at Vanderbilt University

Jan M Lundberg

Former R&D head

Viktor Roschke

Co-founder and Chief Scientific Officer at Neuraly

Yakov Koen

Research Associate at University of Kansas

Douglas Dieterich, M.D.

Professor of Medicine at Mount Sinai School of Medicine

Nigel Toseland

Preclinical Drug Development Consultant

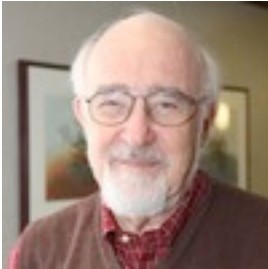

Leonid Zaslavsky

Data Scientist at National Institutes of Health (NIH)

Sergey Zelenin

Principal Scientist at Anocca AB

•

Bernard Goldstein

Professor Emeritus and Dean Emeritus at University of Pittsburgh Graduate School of Public Health

•

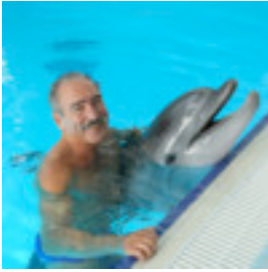

Joseph Backer

CEO at SibTech, Inc.

Paul Keim

Executive Director at The Pathogen and Microbiome Institute

•

Vladimir Subbotin

Adjunct Professor at University of Pittsburgh School of Medicine

Andrey Ptitsyn

Chief Scientific Officer at XenoTherapeutics Foundation

Константин Герасимов

заместитель директора (ЗАО "Био-Веста М")

Paula Lapinskas, Ph.D.

Biotech & Pharmaceutical R&D Consultant ➤ Expertise in Regulatory / Investigative Toxicology & Translational Sciences

Haleh Saber PhD

Deputy Director at FDA

Simon Hoffenberg

Experienced Biotechnology Researcher

Sergey Kolesnikov

Advisor to Russian Academy of Sciences

Kurilla Michael

Division Director at National Center for Advancing Translational Sciences (NCATS)

Andrey Loskutov

Manager, Product Development and Validation at Caris Life Sciences

Gennady Verkhivker

Professor of Computational Biosciences, Schmid College of Science & Technology and School of Pharmacy, Chapman University

Sasha Netrusov

Microbiology Professor at Moscow State University

Jean-Pierre Valentin

Senior Director, Head of Investigative Toxicology at UCB

Anna Lokshin

Professor at University of Pittsburgh

Kristian Sandberg

Member of the Board, Toleranzia AB

Amelia Gilbert

Asian Coordinator -Cancer Research 2019

Wayne Backes

Associate Dean for Research at Louisiana State University Health Sciences Center - New Orleans

Gerald Miwa

Retired P450 Expert

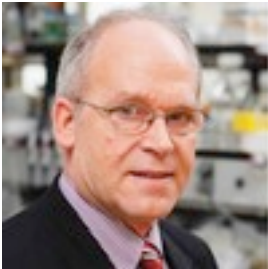

Carole Paley

Global Group Medical Director at Novartis Oncology

Pavan Kalyan

Program Manager at Conference Series LLC Ltd

•

Nico P.E. Vermeulen

Professor of Molecular Toxicology (Jan-2018: Emeritus) at Vrije Universiteit / VU University, Amsterdam

•

Charles Crespi

Mostly Retired at Self-Employed

Tamara Fursy, PhD

Team Leader US FDA

Vasilis Vasiliou

Chairman, Department of Environmental Health Sciences, Yale University

Jack Uetrecht

Professor of Pharmacy and Medicine, Canada Research Chair in Adverse Drug Reactions at University of Toronto

Aiyana Stewart

Program Director Influenza 2017

Anthony Coyle

President, Head of Research and Development at Repertoire Immune Medicines

Per-Erik Strömstedt

Director at AstraZeneca

Michael Wilken

Dioxin Expert at The Dow Chemical Company

Rouslan Michtchenko

Creating Value through Strategic Partnering and Investment in Early Drug Discovery

Alain Stricker-Krongrad

C.E.O. at Envol Biomedical

Charlotte Edenius

Co-founder and Board Member, Gesynta Pharma

Martin Ryan

Professor of Translational Virology at Uni. St. Andrews

Barry Bunin

Collaborative Drug Discovery - CDD VAULT, CEO & President

Dina Mishina , Ph.D

Project manager focusing on digital operations, team strategy, and execution.

Michael Shurin

Professor of Pathology and Immunology at University of Pittsburgh Medical Center

Yvonne Dragan

Senior Director, Global Discovery Toxicology and Investigative Toxicology at Takeda

Elena Gaidamakova.CTR

Staff Scientist at USUHS

Sergei Vatolin

Staff Research Scientist at Case Western Reserve University

Boris Revich

Professor at Ins. of Forecasting Russian Academy of Science

Martin Hornshaw

Director, Enterprise Science & Innovation Partnerships at Thermo Fisher Scientific

Martin Van Den Berg

Professor in Toxicology bij Institute for Risk Assessment Sciences - Utrecht University

-

Fred Friedman, Ph.D.

Biomedical Research

-

Dr. Elena I. Schwartz

Program Director at Coordinating Center for Clinical Trials, National Cancer Institute

Paul Hollenberg, PhD

Professor of Pharmacology at The University of Michigan

Vladimir Tolmachev

Professor at Uppsala University

Peter Warner

Senior Program Officer at Bill and Melinda Gates Foundation

Oleg Khatsenko

Clinical Project Manager with Expertise in DMPK/ Pharmacokinetics/ ADME

Aage Haugen

Professor Emeritus, National Institute of Occupational Health, Oslo, Norway

John Mackenzie

Virologist

Luis Ramos

Investigator II (Principal Scientist), Drug Metabolism and Pharmacokinetics at Novartis

-

Julia Brodsky

Former ISS astronaut instructor, K-12 STEM educator/researcher (astrobiology, AI)

Sergey Mamaev

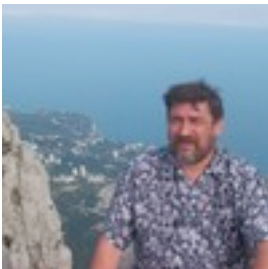

Biochemist

-

John Caldwell

Chair at Health Education Thames Valley

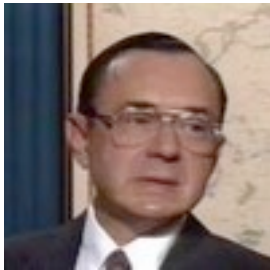

Blinov Vladimir

Chief of Lab at Mechnikov Institute of Vaccine and Sera of Moscow

Alex Azhayev

CEO at Metkinen Chemistry , Emeritus Professor at University of Eastern Finland

Arnold Schechter

Adjunct Professor at University of Louisville

•

Nikolai Zhelev

Principal Investigator at University of Dundee

Andrew Potter

Professor at University of Saskatchewan

•

Tom Hutchinson

Professor of Environment & Health, University of Plymouth

Tracy Hussell

Director, Lydia Becker Institute of Immunology and Inflammation, MCCIR

Katharine Hammond

Professor and Associate Dean for Academic Affairs at University of California, Berkeley

Alexandre Boutevin

Professeur chez MNHN

Alan Boobis

Emeritus Professor of Toxicology at Imperial College London

Alexander Chepur

Ph.D, Dr. Sc at Institute of clinical immunology

Roy Curtiss

Professor of Veterinary Medicine, Department of Infectious Diseases and Pathology,
College of Veterinary Medicine, UF

Irina Netesova

head of lab at Vector-Best jsk

Dr Vito Daniel, MD.

MEDICAL DIRECTOR.PFIZER INNOVATIVE HEALTH : NS, Pain, Ophth, Resp, Inflam,
Transplant, CV, Endo, Met, Hep, GI, GU TA.

Joseph Hanig

Associate Director for Research Policy at Food and Drug Administration

Robert Buckheit III

Director Sales and Business Development & Manager, Immunology and Flow Cytometry
Services at ImQuest BioSciences

-

Jacek Capala

Program Director at NCI/NIH

David Lockley

Product Defence and Toxicology Manager at Venator Materials Plc

Griff Humphreys

Principal at Aranmore Pharma Consulting

Magnus M. Halldin

Scientific Consultant at Capice ADMET Consulting AB and Senior Principal Scientist at
AlzeCure Foundation

Andrey Pokrovsky

Prof. NGU

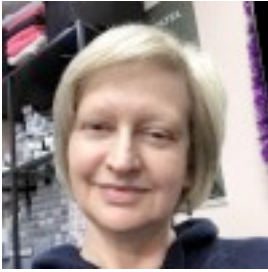

-

Jim Grogan

Professor, Department of Biomedical Sciences

-

Marina Tuzova

Senior Clinical Research Auditor

Franck Gallardo

Founder/CEO NeoVirTech

Sergej Kiprijanov

BioPharma Research and Development Consultant

Stanislav Sosnovtsev

Staff Scientist at NIAID

David C. Fritzinger, Ph.D.

Biologics Development | Molecular Biology | Protein Chemistry | Group Leadership

Dmitry Yakovlev

Senior Chemist at University of Florida

Daniel Watts

Director, Global Contracting Solutions at Johnson & Johnson

Susanne Gollin

Professor emerita at University of Pittsburgh

Arkadi Krainev

Quality Assurance Engineering Manager at Mizuho OSI

Irena Tsyrlova

Independent Biotechnology Consultant, inventor of 19 US Patents

Mark Fortner

Founder/CTO at Aspen Biosciences

Boris Kurganov

Chief of Department at Bach Institute of Biochemistry

James Jordan

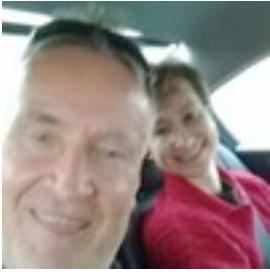

CEO of StraTactic, Inc. || Healthcare Professor, Carnegie Mellon

Yuri N. Naumov, MD, PhD

Chief Scientific Officer at Smart Diagnostics Medica, Inc.

-

**Harri Vainio**

Inaugural Dean, Faculty of Public Health, Kuwait University, Kuwait; Professor of Environmental and Occupational Health
